

## **SUMMARY OF THE CURRENT PLANS AND ASPIRATIONS**

This is a summary booklet, delivered to each household, which has been produced as a short update for villagers on progress with the Village Plan. It summarises the current plans and aspirations from the nine Action Groups which evolved from the Village Plan Questionnaire and has been delivered to each household, along with a comments/feedback form. We would very much like your views – the comments form can be downloaded and printed if you have mislaid the one delivered. Please take the time let us know your thoughts – they're important to us and the future of our village! Many thanks.
